

Fee Status Assessment Questionnaire

UK legislation allows educational institutions to charge higher (international) university and college fees to students unless they fulfil certain residence and immigration status requirements. If you can provide evidence that you meet those residence and immigration status requirements, you will be charged a lower (UK) fee, and you might be eligible for a student loan for fees. Details of these requirements are given in the UK Council for International Student Affairs website, under the *Fees and Money* section. (<http://www.ukcisa.org.uk/>)

To help us assess your fee status, please complete both pages of this questionnaire and return it to the College as soon as possible. Please note that the information provided will be used only to assess your fee status and this form does not constitute an offer of a place at the University of Cambridge.
