Scoring Criteria	Your Score (max. 10 for each criterion)
1. Impact of the Proposal – is the proposal stated clearly in terms of the challenge they are trying to address? Does the proposal lay out a feasible expectation for societal impact? To what extent does the proposal reflect Changemakers values? If the proposal is for an existing project, are applicants clear on how catalyst funding will help them achieve this?	
2. Delivery of the Project – Does the proposed work move the opportunity sufficiently far forward to be worth investing in?	
3. Understanding of Technology – Is there a clear understanding on the potential use of emerging technologies to help with the efficacy of the project and contribute to further expected impacts as described by the project?	
4. Understanding of Market/Context – What is out there already? Who else is doing similar work in your area and how is your proposal different?	
5. Team – Why are you interested in doing a catalyst fund project? What are your experiences and skills and those of your team?
